**STATE OF WISCONSIN
CLASSIFICATION SPECIFICATION**

CORRECTIONS PROGRAM SPECIALIST

I. INTRODUCTION

A. Purpose of This Classification Specification

This classification specification is the basic authority under ER 2.04, Wis. Adm. Code, for making classification decisions relative to present and future professional positions located at the Department of Corrections (DOC) and the Department of Health Services (DHS) that fit into one of three allocations described in inclusions below. This classification specification will not identify every eventuality or combination of duties and responsibilities of positions that currently exist, or those that result from changing program emphasis in the future. Rather, it is designed to serve as a framework for classification decision-making in this occupational area.

Classification decisions must be based on the “best fit” of the duties within the existing classification structure. The “best fit” is determined by the majority (i.e., more than 50%) of the work assigned to and performed by the position when compared to the class concepts and definition of this specification or through other methods of position analysis. Position analysis defines the nature and character of the work to facilitate the assignment of positions to the appropriate classification through the use of any or all of the following: definition statements; listing of areas of specialization; representative examples of work performed; allocation patterns of representative positions; job evaluation guide charts, standards or factors; statements of inclusion and exclusion; licensure or certification requirements; and other such information necessary.

B. Inclusions

Positions in this classification function in one of the three following allocations:

1. DOC/Division of Adult Institutions (DAI)/Office of the Secretary (OS) Central office program specialists responsible for planning, developing and monitoring a department-wide, comprehensive program involving either overseeing offenders under control of the Department or assisting victims, survivors, their families, communities or staff statewide with victims services and programs.
2. DOC/Division of Community Corrections (DCC) Sex Offender Registration Program (SORP) specialists responsible for the operation of the SORP for offenders statewide.
3. DHS Supervised Release Specialists located at the Sand Ridge Secure Treatment Center responsible for development, coordination, and monitoring of individual supervised release plans and services for persons who are committed pursuant to §980.08, Wis. State Stats.

C. Exclusions

Excluded from this class are the following types of positions:

1. Positions which meet the statutory definition of supervisor and/or management as defined in Wis. Stats. 111.81(19) and (13) as interpreted and administered by the Wisconsin Employment Relations Commission.
2. Positions which provide social services consultation and direct services to clients in a specialized program area in a correctional institution for a majority of the time and are more appropriately classified in the Treatment Specialist class series.
3. Positions which are engaged in the direct provision of treatment or clinical services within an institution for a majority of the time and are more appropriately classified as Occupational Therapist, Physical Therapist, Psychologist, Social Worker, Speech/Language Pathologist, Audiologist, Therapist, or other treatment or clinical professional classification.
4. All other positions which are more appropriately identified by other classification specifications.

D. Entrance Into This Classification

Employees enter positions within this classification by competition.

Finally positions provide training to staff and community agencies in regards to supervised release process, programming and issues.

Work in all three allocations is performed under general supervision.

III. QUALIFICATIONS

The qualifications required for these positions will be determined at the time of recruitment. Such determinations will be made based on an analysis of the goals and worker activities performed and by an identification of the education, training, work, or other life experience which would provide reasonable assurance that the knowledge and skills required upon appointment have been acquired.

IV. ADMINISTRATIVE INFORMATION

This classification series was created as a result of the Professional Social Services Personnel Management Survey implemented on October 16, 1994, and announced in Bulletin CC/SC-28. The specification was revised effective June 23, 1996, and announced in Bulletin CC/SC-54, to reflect a reorganization of the Department of Corrections and a change in the concept of the classification series from two separate and distinct levels to a progression series. The specification was revised effective

March 2, 1997, and announced in Bulletin CC/SC-63 to reflect the addition of an objective level at the lower level for a new type of position. The specification was revised effective August 13, 2000, and announced in Bulletin CC/SC-116, to merge the two levels. This specification was revised effective November 12, 2006 and announced in Bulletin OSER-0153-MRS/SC to add positions from Sand Ridge Secure Treatment Center at the Department of Health and Family Services and to re-title more consistent with single level titles.

The specification was revised effective August 9, 2015 and announced in Bulletin DPM-0404-CC/SC to reflect the updating of the allocations and the broadbanding of the classification.
